Program 13

Keynote Speakers 19

Urban Development: A Perspective 21
   Komara Djaja

Eco-Cities and Green Building - Prospects For Developing Sustainable Cities of The Future 22
   Bernhard Mueller

How Human Our Future Urban Living Will Be? The Infrastructure of Care in Urban Development 23
   Gunawan Tjahjono

Teaching Urban Health at Global Level: Opportunities and Challenges 24
   Sonia Diaz Moresalve

Vitamin A Deficiency and Excess in Urban Society: The Double Burden 25
   Sherry A. Tanumihardjo

Urban Transformations: Sustainable Urban Development Towards Resource Efficiency, Quality of Life and Resilience 26
   Sigrun Kabisch

The Dysfunctionality of Higher Education in the Post-Industrial World 27
   Ludwig Streitt

Urban Economics 29

Financial Prospect of the Waste to Energy Application in Solving the Most Problematic Solid Waste Management in Indonesia 31
   Mohajit

Impact of Urban Agriculture on Urban Economy in Bangladesh 32
   Masum Ahmad

Sustainable Development Approach to Residential Planning in the Rapid Growth Urban Area: A Case Study in Simgosari District, Malang Region, East Java 33
   Arief Rachmasyah, Lusiana Halim, and Soemarno

Persistence Analysis of Inflation in Indonesia 34
   Willy Julliaswaty

Business Development Strategies Using SWOT and QSPM: Case Study of Milk Cooperative in Bogor District, Indonesia 35
   Abel Gandhy and Shinta Dewi Kurniasati

The Impact of Urban Agriculture of Medicinal Plant on Improving Household Economies in Metropolitan Jakarta 36
   Darmawan L. Cahyan, Listyanti Wijayanti, Ratri H. Koestoer, and Misri Gozarn
Impact of Bus Rapid Transit as Public Transportation System in Surabaya and Subang
Townsships for Malaysia’s Urban Mobility 37
Deprizo Syamsurur, Mohd Muhamin Ridwan Wong, Muhammad Nazri Borhan and Ali Sobtiannamesh
4DCAD in Project Planning and Budgeting of the New Urban Infrastructure for the Phitsanulok
Central Park, Thailand 38
Kumpon Sathsanphon, Boonsong Tantarase, Suchanya Sarntal and Panu Buranjarukorn
Predictions Economic Losses of Coastal Resources in Tuban District Due to Climate Change 39
Marita Ika Joesdawati, Sunarto and Walfyudi
Architectural Services Using Information Service Oriented Architecture in Emergent Societies 40

Foreword from the Director of Research and Community Services, Ministry of Research, Technology and Higher Education of Indonesia

The Excellency Ambassador of Germany to Indonesia, ASEAN and Timor-Leste, Distinguished Head of Division for Asia the Alexander von Humboldt Foundation, Distinguished Rector of Universitas Pembangunan Jaya, Distinguished Humboldt Fellows, Distinguished national and international scientists and academics, ladies and gentlemen

The Directorate of Research and Community Services of the Ministry of Research, Technology and Higher Education of the Republic of Indonesia congratulates the Humboldt Ambassador Scientist for Indonesia and the Humboldt Fellows Indonesia to hold the 3rd Humboldt Kolleg in cooperation with the Universitas Pembangunan Jaya (UPJ) and the Pembangunan Jaya Center for Urban Studies.

Sustainable development of cities and society has been the concern of the government of the Republic of Indonesia. It is the duty of scientists and academicians to contribute to solve the problem for society through development of science and technology and to open the horizon for further development of frontier research. Now days, networking and collaboration in research are the keys to tackle the 21st century challenges which are multifaceted and required to multidisciplinary and even interdisciplinary approaches.

I, as the Director of Research and Community Services, the Ministry of Research, Technology and Higher Education of Indonesia, am fully support and encourage the idea to organize this multidisciplinary conference. The fellows of the Alexander von Humboldt Foundation are of high reputation both in scientific field and in the position at their institution in ASEAN that is strategic for development of academic atmosphere. The challenge is how to join our forces together to make strong regional and international network to develop science, technology and higher education system. I believe that during this three days’ conference, these challenges will be address and discussed by the Humboldt Fellows and other participants.

Once again, the Ministry of Research, Technology and Higher Education of Indonesia (KEMENRISTEKDIKTI) congratulates to Humboldt Fellows and all participants for the success of the 3rd Humboldt Kolleg. I wish you all the best and success in building network as well as in the discussion to give contribution to develop science and technology of ASEAN countries.

Sincerely yours,

Prof. Dr. Ocky Karna Radjasa, M.Sc.

THE URBAN FASHION STYLE OF BATAVIA WOMAN AS CULTURE HYBRIDITY SYMBOL END OF THE 19 CENTURY

Retno Purwanti1*, Casande S.2

1Visual Communication Design, Faculty of Technique and Design, University Pembangunan Jaya, Tangerang Selatan, Banten, Indonesia
2Universitas Indraprasa, Jakarta, Indonesia
*retno.purwanti@upj.co.id

This research aimed to understand urban woman symbol at Batavia community at end of the 19th century, as for the research to understand the symbols as culture hybridity by observation from the Kebaya and Kain Batik or Kain Sarong and the accessories.

This research use interaction symbolic with the history approach to get data and fact in form urban women fashion style photograph at the end of 19th century.

The interpretation of fashion style conducted by synthesizing all data and fact. So can be concluded the symbols of the urban fashion style Batavia woman are the media to visual actualize hybridity local culture with foreign culture being new identity and symbol of Batavia characteristic. This symbol are used to meaning the difference social stratification in Batavia community.

Keywords: Urban fashion, Batavia, Kebaya, Kain Batik
